For our dive trips we require divers are **Advanced OW or above** (or equivalent) and have at **least 20 logged dives**, most of which must have been done in UK (or similar) waters. (If divers are part of a club, it is OK if they don't quite make the requirements, as long as they are diving with an instructor or dive master). **We also ask that divers either share a delayed SMB with their buddy, or ideally have one each.**
